*Chuck, Kim and Techniserve Support Staff,*

*It's hard to believe we are marking our one year anniversary with your company. We have found the Cemetery Manager has been a wonderful tool and your ongoing support has made the transition painless.*

*The services offered by Techniserve and staff have exceeded our expectations. In just a year our Cemetery Operations Manager and staff are most comfortable with the program and they know that your support is only a phone call or e-mail away.*

*We are pleased to continue to work with you on converting cemetery records to computer files.*

*Techniserve has made what was an overwhelming undertaking a manageable project.*

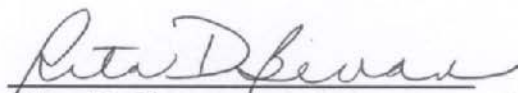

*Thank you for your continued service.*
